Lions Hear Facts From FFA Award Winners at Lunch

Seven students from the Vocational Agriculture department of Hamlin High School appeared before the Hamlin Lions Club Tuesday at noon to explain some of the details of their projects and the manner in which they kept cost records.

The boys appearing were Doyle Brinegar, Delbert Smith, James Bowman, Jerry Williams, Larry Reynolds, Donald Armstrong and J. R. Rhoton.

Each of the boys is a member of the Future Farmers of America and they gave individual reports of their entries in the Jones County FFA stock show which was held in Hamlin and the succeeding show at Abilene. Breed of stock was described and feed cost computation explained the care with which the records were compiled.

Spring Recess Starts For Schools Today

Hamlin schools will have two additional days of recess over the week end when they observe their Spring holidays starting Friday. No school will be held today and students will convene again on Tuesday to take up their work. The four day holiday will permit many of the faculty to return to their homes for the week-end.

CHIN GUARD—After suffering fractured jaw in a hockey game with Pinceton, Brown University's right wing, Frank DiBlase, seemed doomed to warming the bench for the rest of the stick season. But team physician Dr. Edward Crane scored with a specially designed protective mask that will safeguard DiBlase's now mending jaw during future ice action.

Substitute Hears High School Panel

Illness of Dr. Bernice Moore, outstanding social service authority, brought a substitution in the panel discussion staged by the Hamamaking Department of Hamlin High School Tuesday. The program was staged as an assembly event for the student council and Mrs. Hugh Lynn of Austin in Dr. Moore's stead.

Student participants in the panel discussion were Gay Nell Stephens, Dorothy Altum, Laura Courtney, Don Rowland, Jim Harwell, W. L. Fletcher and Donald Johnson.

Esther Sorenson, Texas Education Agency, and Mrs. J. E. Simmons, Homemaking teacher, also assisted in this program.

Mrs. Lynn taught physical education in the Austin schools two years and was a home counselor with the Austin public schools for two years. She received her bachelor of arts degree and master of arts degree from the University of Texas. She was an instructor in sociology for three years in the state university.

Dry Goods Stores Vote Earlier Summer Close

Dry goods and dress shop merchants of Hamlin met at the Chamber of Commerce this week to formulate plans for opening and closing during the summer season.

Result of the meeting was an agreement to close each week day evening at 5:30 and to remain open until 9:00 p. m. on Saturday. Participants in the meeting as held were B. Hassen Dry Goods, J. M. McDonald Company, Mary's Style Shop, D. & H. Department Store, Style Mart and Malouf's.

Hours of opening will remain unchanged from those formerly observed by each individual store. It is anticipated that additional business categories will follow the lead of the dry goods merchants in establishing closing hours for the season.

Mickey Scott Said Mentioned in Radio Broadcast Heard

New hope was brought to Hamlin for the safety of Mickey Kenneth Scott, Marine reported missing in action in Korean engagements.

In a wire from the provost marshal of the Department of the Army to Mrs. Frances E. Scott, it was reported that the name of Mickey Kenneth Scott has been mentioned in an enemy propaganda broadcast. Prisoner of war status is not officially established by this report and further information will be forwarded when received.

The young Hamlin red-head has been the subject of much anxiety and his mother has maintained her confidence since receipt of the notice that he was missing that he is still alive.

Mickey is a brother of Bill Scott, prominent Hamlin athlete and assistant coach at Hardin-Simmons.

GETTING THE POINT—A "sharp"-witted photographer, stuck for an idea, "needed" Miss Jzere Stevens into this pose. As a result she appears to have had the misfortune of backing into one of the finer points of this Dallas, Tex., garden, featuring 2000 species of cactus.

Two Assistants To Service Officer

Two assistants to County Service Officer Landon V. Davis were appointed last Monday by the Commissioners Court in regular session.

Appointees are Stanley Hall of Stamford and Clinton Barrow of Hamlin.

Each assistant will receive \$100. salary per month and are to assist veterans in their part of the county with various claims and problems handled by the Veterans Administration.

County Judge Roger Q. Garrett stated that with increased demands of the officer at Anson, two assistants were deemed necessary.

The county pays all salaries and expenses of the service officers, despite the fact that the service was created by the Federal government, stated Judge Garrett.

Man Returns From Korea With Praise Of Red Cross Aid

Little progress marked the Red Cross drive for Hamlin during the past week and members of the Beta Sigma Phi sorority are faced with a tremendous task in their voluntary effort to solicit quota subscription from the Hamlin area.

Quota for Hamlin was set at \$1,400.00 and \$838.49 had been subscribed according to a report received from Mrs. Jerry Waggoner Wednesday night. Mrs. Waggoner is chairman of the sorority group in the campaign.

Also reported was the splendid response of the Wise Chapel community. Under the chairmanship of J. A. Rose, this community was first to subscribe their quota with contributions of \$34.16.

J. E. Brown reported an over-subscription for the Neinda community with \$108.00. In the Carlton community, Mrs. J. E. Johnson functioned as chairman and they reported a fund of \$28.00.

Worth of the Red Cross organization to the nation is perhaps best described in the letter following, which is in the files of the national organization.

Route 1,
Many, Louisiana
1 January, 1951

Mrs. C. A. Hart,
Sabine Chapter, ARC
Many, Louisiana
Dear Mrs. Hart:

I have meant to write before this to express my appreciation for the wonderful way in which the American Red Cross has handled my own personal problems. However, you do know the circumstances under which I was brought home, wounded in Korea, frostbite on both feet, and the period of waiting for recovery in a hospital in Japan. It was there that your wire through the American Red Cross reached me to inform me that I was needed at home at once. Mrs. Hart, from the day you sent that wire until I arrived at the house where my wife was staying was just SEVEN days. In that time I had flown from Japan to Shreveport, Louisiana.

Since that time I have been able to be with my family when my son was born and even now I am writing this from the hospital where my wife is recovering from pneumonia along with my youngest girl. To be able to be with them at this time, I can truly say, was due only to the untiring efforts of the Red Cross and its staff of workers. Words either written or spoken cannot tell of the gratitude which is mine. I know that to the Red Cross, I was one of many; but to my family, I am, of course, the only one.

During the last war as a company commander in the Pacific I had numerous dealings with the Red Cross; these contacts were from telling some lonely GI that he was a father, to the sending of a boy home because of death in the family. In all of the variety of cases that came across my desk I have yet to find that the Red Cross did not help to the fullest extent possible in their regulations. You know it is unfortunate that so many people do not realize that the Red Cross has regulations which they must abide by. I have in the past and in this police action pointed out to a number of persons that the Red Cross worker might have wanted to help a lot more than he was able to, but his hands were tied to some extent by rules that he had to follow also. A great many of these people never realize that the workers have to follow rules as well as the army.

I would like to tell you, if I am not taking too much of your time, of the things that I have seen the Red Cross do in Korea. Korea, as you have probably heard by

now, is a land of filth, desolation, mountains that are straight up and down, dust when it is dry and mud when it is wet, and now of the all prevailing cold and death. In this area the Red Cross is doing its job and doing it well with the armed forces.

I have had to actually chase a field worker out of the front lines. He came up there to tell a man that his mother had died.

He didn't have to come there and I asked him why he did, and he replied that it was because he didn't want the boy to receive word of that nature from a field phone and also that he wanted to take the boy back to get him on the first available plane for the States. By the way, the boy was able to attend his mother's funeral four days later in California.

When we were surrounded and had to fight our way out of the trap, we were taken into the aid station. We had lost all our personal belongings. From the aid station we were taken to an evacuation station and there flown to a field hospital, Ascon City. The first person that I saw in the field hospital was a Red Cross worker. She went among us on the litters and gave us cigarettes, candy, and toilet articles, soap and towels, but even more important she talked to us in a hundred ways; she arranged our bandages, fixed our blankets, and made us feel like people again.

Later, when we were flown to Japan the first thing we saw when we arrived at the air base was a mobile unit of the Red Cross. I don't know how many cups of coffee I drank or how many sandwiches and donuts I put away but it was a lot. Cigarettes and candy were there also. At the hospital in Japan the Red Cross again was the first thing I saw. Again we were treated as though we were kings. I realize now that it wasn't so much what we received as the way in which it was given. Every day we had a visit from a Red Cross worker in the hospital; she furnished us everything from magazines to writing letters home for those who couldn't write. I could go on for pages, but it still wouldn't do those people justice. They were always so cheerful and seemed to want to go out of their way to help you.

When I returned to the United States it was the Red Cross who furnished the money for my plane from San Francisco to Shreveport. They understood that in Korea a man may not get paid for months. I myself have not been paid in full since last July. Mrs. Hart, my gratitude knows no bounds for what I have received from the Red Cross and I know of others who have had the same wonderful treatment. I have also heard those who tell of the bad things the Red Cross does. It may be true that some Red Cross workers are not what they should be. In every large organization there is usually some percent who give the organization a bad name. Again, maybe the person who is telling the tale of the bad thing was refused a loan because it couldn't be given away and comply with the rules that the Red Cross has to abide by. All I know is what I have actually seen and experienced myself. Never have I had to pay for one thing that I have received from the Red Cross and I have no knowledge of the Red Cross ever trying to sell anyone anything.

You will find enclosed my contribution for the Red Cross for the year 1951. While I realize that it is small, if everyone in the parish would contribute the same amount it will go a long way. If they could see with their own eyes what I have seen the Red Cross do, I know they would help also.

Yours truly,
(Signed) DAN A. DELANO

Cpl. D. P. Connolly On Visit During Leave

Cpl. D. P. Connolly, formerly a Hamlin Herald employee, is home on a 30-day leave from the Marine Corps.

He was recently wounded in Korean action and has been in Japan hospitals recovering from right leg and right arm wounds, frostbitten feet and hands.

He joined his wife in Abilene Thursday after flying in from San Francisco. His parents are Mr. and Mrs. B. H. Connolly of Rotan. He and his wife visited friends in Hamlin Monday morning.

FROZEN IN HIS JOB—One man to remain unperturbed by all the recent talk about "lids" and "freezes" was Chicago Fire Lt. Thomas Ryan. His lid was frozen when sub-zero temperatures turned hose spray to ice on his battle hat. Fully resigned to the hazards of being a smoke-eater, Ryan calmly "clamped down" on a cigarette after the blaze was subdued.

Man Held Here for Army Authorities

Charles W. Sjogren was placed under arrest by Jolice Chief J. H. Foster in Hamlin Wednesday on instruction from the provost marshal at Fort Sam Houston.

Sjogren had been working here as a dishwasher at the Harden Hotel Coffee Shop and had rented a postoffice box under the alias of John W. Fain. Chief Foster said that the man had communicated with his family to advise them of his new name and address and was traced through these channels. The provost marshal said that the man would be charged with desertion and that he was sending officers after him.

Ulmer Well Takes Lead in Interest of Oil Production Men

Interest of oil operators in the vicinity was centered this week on the discovery of an oil horizon in the Strawn line on General Crude Oil Company's David A. Ulmer Number 1, which is about eight miles northwest of Hamlin. So encouraging were the indications of commercial production at a 5,125 foot level in the Strawn line that General Crude decided not to follow the accepted practice of drilling on to the Ellenburger on this well and pipe was set for production in this pay.

A test was taken in a fifteen foot section to 5,140 feet and the tool was left open approximately two hours.

Gas appeared at the surface in six minutes and oil flowed in one hour and 25 minutes. Recovery was 2,570 feet of oil and 130 feet of mud with no water being apparent.

Shut in pressure was 1,625 pounds and flowing pressure was 650 pounds.

This extends production considerably westward from the Pardue field and indicates that production is possible throughout a wide strip in this direction.

Texas Pacific Coal and Oil has run potential on their Thomas Teague Number 1 in the Swastika and this well assures another producer for that area. This well gauged 255.99 barrels of 44 gravity oil in 24 hours. Production was through a 19-64 choke.

Fire Convention Is Backed by C. of C. As Opening Nears

The April 5 convention of the volunteer fire fighters association for this district to be held in Hamlin, was given an added boost by action of the board of directors of the Hamlin Chamber of Commerce Wednesday morning.

In realization of the worth of the convention to the community, President Carl Murrell appointed a committee composed of Bill Frederick, Clyde Grice, C. L. Howard to confer with the Hamlin Volunteer Fire Department as to their needs for the meeting.

The committee trio voted to appropriate \$100.00 to aid in defraying the expenses of the convention. Approximately 500 guests are expected for the event.

The directors also discussed a Hamlin participation in the Cowboy Reunion at Stamford in July and voted to ask for nominations for sponsor to this celebration.

It is the plan to send some young lady over 16 years of age to ride in the parade and appear at the arena in representation of Hamlin. It will not be required that the sponsor participate in the race events of the affair.

Candidates names may be placed in nomination at the Chamber of Commerce and a committee will make final selection from these nominations.

Arrangements are also being considered for a junior sponsor to also attend.

Merkel Gets Ladies Nite for County Lions

Jones County Ladies Night of the Lions Club will be held April 12 at Merkel.

The service clubs of the county meet annually in such gatherings and are thus aided in promoting community cooperation as well as acquaintanceship.

Vocational School Applications Must Be In Very Soon

The Jones County Vocational School is requesting that all veterans who have eligible training time under the Serviceman's Readjustment Act and who intend to enroll in any course offered by this institution, make their intentions known as soon as possible. This request is being made so that the school will be able to make proper arrangements should there be an increase in enrollment by or before July 1, 1951, which is a critical date in the Veteran's training program.

The law provides that a course of education or training shall be initiated before the termination of four years after the date of discharge or by July 25, 1951, whichever is the later, and that such education or training cannot be afforded beyond July 25, 1956, except for those veterans who enlisted under the Voluntary Recruitment Act of October 6, 1945. Therefore, a veteran otherwise eligible must have commenced and actually be pursuing his course of education or training on July 25, 1951, or the date four years after discharge, whichever is later, except where his attendance is interrupted because of the normal interruption for summer vacations, or other reasons beyond the control of the veteran.

Since the only enrollment date in July of this year is July 1, it will be necessary for any veteran affected by this regulation to enroll on or before this date.

Any additional information concerning this regulation or any phase of the school may be obtained at the office of the Jones County Vocational School which is located on the top floor of the court house in Anson.

Few of our errors are ever serious until we make the error of denying them.

Threats seldom accomplish amiable settlements, but they sometimes help.

Joint Services Planned For Foursquare and the Assembly of God

Hamlin's Foursquare Church and Assembly of God Church will hold a joint sunrise service Sunday at 6:30 a. m.

Rev. Estes of the Assembly of God will speak at the service and Rev. C. T. Pool will speak at the 11:00 o'clock hour on "He Is Risen."

Public is cordially invited to attend the two services and the night services at 7:30 p. m.

Schoolmaster Club Meets In Abilene With Locals There

The Schoolmasters Club of this district met at Abilene Tuesday night with many school trustees entertained as special guests of the club. The organization is composed of male faculty members throughout the area.

Attending from Hamlin were A. Spencer, LaFoy Patterson, Ed Dodd and John Agnew as board members and I. R. Huchingson, B. V. Newberry, Marvin Carlton and J. N. Burditt.

The meeting was held in the South Junior High and the banqueting group was entertained by a stringed orchestra from the high school.

Confusion in dates from a state department of education speaker caused substitution by Nat Williams, Abilene superintendent, and Carl Anderson, president of the board at Sweetwater. Both men delivered talks in an extemporaneous manner and were very entertaining to their listeners.

Next meeting of the club will be held in Sweetwater at a date to be announced and the trustees will again be invited.

Anson Tournament Draws Entries from Hamlin Golfers

Hamlin entrants in the Scotch Foursome golf tournament being conducted at the Anson golf layout are W. C. Russell, Austin Poe, George Poe, Holly Toler, Miller Whitehead, Harry Carmichael, Elmer Feagan, Bill Feagan, S. C. Ferguson, Carl Young, Arlie Cassle and Haskell Carter.

Procedure followed in the conduct of a Scotch foursome pairs two golfers hitting one ball on successive strokes and "Speedy" Thompson, Anson druggist who is fostering the tournament, has established a ruling that all knives, brass knuckles and guns must be checked at the clubhouse as insurance against bodily harm for partners.

This method of conducting a tournament is a true test of the sportsmanship of a golfer.

One match is played each week and the tournament will consume about a month. Austin Poe, Holly Toler, Elmer Feagan, and Bill Feagan have won early matches in the tournament and George Poe and Arlie Cassle have been eliminated.

Announced purpose of the tournament, according to Thompson, was to bring rain. Each previous event has been interrupted by wet weather.

Confession Obtained In Auto Radio Theft

James G. Richie entered a guilty plea before Justice of the Peace Matthews in Anson when charged with the theft of a radio from an automobile on the premises of the Woods Wrecking Yard.

The radio was reported to have been taken from the car and sold for a very small sum. When the purchaser could not fit the radio to his own car he went to Woods and attempted to exchange it for another model. It was then that Woods discovered the theft.

Richie was fined \$40.00 by the justice court for petty theft and was being held Wednesday pending payment of his fine. He had worked periodically around Hamlin for several months.

Freedom's Open Door Again Told In School Essay

Here is presented the second in a series of essays written by the students of Hamlin High School as a participation in the contest sponsored by the Veterans of Foreign Wars. The Hamlin post of the service organization awarded prizes for the three best essays in ceremonies conducted at the school last week.

By PEGGY BACK

"Freedom's Open Door"—a wonderful thought. Freedom's door is open to all who care to walk in. What is freedom? Freedom is a privilege. The privilege to come home at night where your family is waiting for you in a nice cozy home, where you can pull off your shoes, and sit by the fire and read the paper. A home where you can express your thoughts and opinions, no matter what they are, and then get up and go to a movie, or to your neighbor's house to discuss the latest happenings.

Freedom is a heritage. A heritage from the pilgrims who set out on the long voyage to America, the land where everything was free. They were good people with warm hearts who asked only the privilege to worship their God as they pleased. From that time on, America has been a free country.

But America has had to fight for her freedom. Jealous dictators have tried to take America and make her people slaves; slaves that have to do exactly as they are told; slaves that have to give nearly every cent of what little money they have to the so-called government; slaves who go hungry, and have no decent clothes to wear, no homes, except maybe a little shack with part of the ceiling and walls gone, and no fire to put in these.

Why does America keep her freedom? Because she fights for it. Because the people of America love their country. The cities with all their big factories, buildings, streets, buses, and automobiles. The country with its valleys, mountains, flowers, trees and fields of wheat, cotton, and everything anybody could ask for are there in abundance. America is a land of peace and dreams, where opportunities are standing around waiting for anyone who wants to take them. America is a land of good, peace-loving, good hearted people who want to stay that way, and who intend to stay that way.

But the people of America do not sit back and think smugly to themselves that they are better off than most people and because of that think they are smart. They do not want to brag or keep this freedom to themselves. They want to help the people of other countries that are not so fortunate as to have all the privileges and opportunities of life that American people have. Nearly every day, people of other countries come into the United States to begin their life over. They are beginning lives they have heard of, but probably never dreamed of living. To them, the thing we take for granted, the thing just as common to us as getting up in the morning and eating breakfast, is the most wonderful thing that could happen to them. They appreciate freedom and make the most of it.

So why don't we, the people of Free America, take advantage of the freedom we have and enjoy it to the fullest? We want to keep Freedom's door open for ourselves, and for other people who want freedom, not dictatorship. We want to help other countries gain freedom and show them how to keep it.

The best way for America to keep her freedom is to be listening and not talking. If we can keep communism out, we can always be proud of Freedom's open door.

It won't be long before the old narrow roads, where two cars can barely pass without colliding, will be replaced by splendid highways on which six or eight cars can collide at the same time.

Spring cleaning

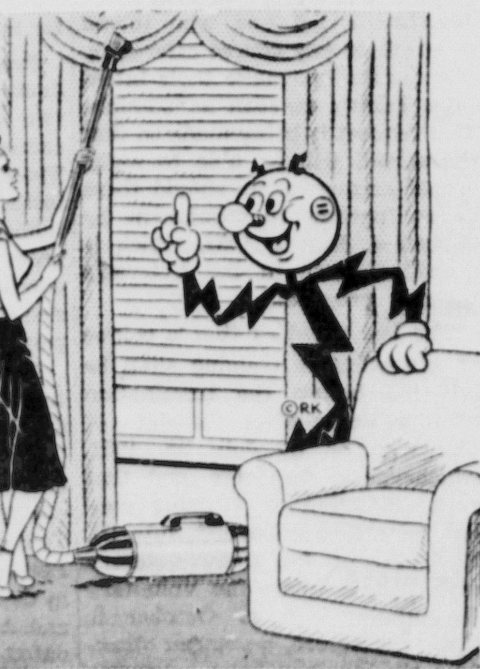

LIGHT UP WITH RIGHT SIZE AND
TYPE OF ELECTRIC LAMP BULBS!

Why slave to get your house spic and span for spring if
it is not going to look its best when you are through? Empty
light sockets, undersized bulbs, and outmoded lamps
can leave your rooms still looking dingy and unattractive
after all of your work. Make your house sparkle and shine
as it has never done before! For only a few pennies a day
you can light your whole house with the newest and most
efficient light bulbs—beautify it at a minimum cost with
modern, efficiently engineered lamps.

A representative of our Home Lighting Service will be
glad to assist without cost or obligation to you in solv-
ing your home lighting problems. Just contact our nearest
office.

Beautify
Your Home
with
Modern Lamps
and Enjoy
Better Sight
with
Better Light!

CLEAN UP... TO GET ALL
THE LIGHT YOU PAY FOR!

It is not only our job to supply low-cost electric service,
but to also help you make the most of that service. Dust
and dirt on lamp bulbs or reflectors can cut light 50%.
With a damp cloth you can wipe them clean in seconds.
(Of course, you never touch a hot globe with a damp cloth.)
Grimy lamp shades steal light too—they should be kept
dusted or dry cleaned if necessary.

And here's a tip: when you are buying new shades,
make sure they have light colored linings. Light colors re-
flect light, dark ones absorb it. Visit your local electric lamp
dealer or our office, and see how modern lamps not only
beautify your home, but help you enjoy better sight with
better light.

McCaulley News

By VIVIAN SHORT

Ollie Ray Henington and family of San Antonio were weekend guests in the home of his parents, the A. T. Henningtons. Janice Smith, daughter of Superintendent and Mrs. S. L. Smith, was a patient in Hendrick Hospital, Abilene all last week. She is improving at this writing. Sgt. Grover Cook of the Marine Corps is on a 30 day furlough from Korea and is visiting his parents, the Grady Cooks.

Mr. and Mrs. G. P. Masser of Abilene are guests in the home of Mrs. Leo Masser and sons, Teddy Max and Michael. Teddy Max has just been dismissed from the Hamlin Hospital where he was treated for blood poison due to a wound on his hand.

Mrs. Della Fancher returned from the Hamlin Hospital Wednesday after being treated for a severe cold.

S. E. Miers returned Saturday from Fort Stockton.

Mrs. Frank Martin entered Callan Hospital, Rotan Monday for a tonsilectomy.

Beth Jones of Abilene was a weekend guest of her parents, the Cloyce Jones.

Charles Webb and family of Abilene were Sunday guests in the home of Mrs. Leo Masser and sons.

Sgt. Leo Parker and wife were weekend guests of his father, Ira Parker. Leo is stationed at Camp Hood.

Mr. and Mrs. Albert George left Monday for Fort Worth to visit their daughter, Mrs. John Sewell, and family and to hear the famous evangelist, Billy Graham.

Rev. and Mrs. L. R. Stuckey and son were among the large crowd who heard evangelist Billy Graham at Abilene last Friday. The Gleaners Class of the First Baptist Church had their regular monthly class party at Mrs. W. C. Keans. There were 17 present.

The Home Demonstration Club met with Miss Gertie Mason last Thursday afternoon. A large crowd attended.

Mrs. Charles A. Ferguson Sr.

visited last Thursday and Friday in Fort Worth and attended the Billy Graham revival.

Mr. and Mrs. Ben Short visited the Cecil Shorts of Abilene Sunday, also old friends, the M. L. Akins, who have just moved there from Imperial. Their address is 1402 Graham Street.

A Thought to Remember—For it is written, as I live, saith the Lord, every knee shall bow to me, and every tongue shall confess to God. So then everyone of us shall give account of himself to God—Romans 14:11-12. So long, I'll be newsing you!

Every little fur-bearing animal becomes a mink when it dies.

Women who really know how to raise children are too busy to tell.

Many a person's mind has been closed for years, but not for repairs or alterations.

Most of us find that it is a much easier job to talk ourselves into trouble than out of it.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

CREOMULSION
relieves Coughs, Chest Colds, Acute Bronchitis

Correct this sentence: "We want you to be chairman; you won't have much to do."

HADACOL Is Requested By Nurses

HADACOL Helps Folks Suffering Deficiencies of Vitamins B₁, B₂, Niacin and Iron.

Registered nurses, in increasing numbers, are showing a keen interest in HADACOL and in the results that are being secured with this great modern formula. Requests have been received from many of these nurses for professional samples of HADACOL and many of them

Mrs. Lovett indicated that they recommend the HADACOL formula to patients who are deficient in Vitamins B₁, B₂, Iron and Niacin.

Mrs. L. D. Lovett, a registered nurse who lives at 2205 Walnut St., Philadelphia 3, Pennsylvania, says this about HADACOL:

"I was down in Florida for the past month. I had no energy so several members of my family told me to try a bottle of HADACOL. My sister, who is a nurse, was taking a bottle so I tried a bottle. I feel fine since taking HADACOL. I do private duty here. I am 50 years old."

HADACOL can help you if you suffer such deficiencies. Ask your druggist for HADACOL today. Only HADACOL gives you that "Wonderful HADACOL feeling."

Fur coats come from skinning dumb animals—including Father.

Sure, the boss has a snap; all he has to do is worry.

In less than six days after birth you learn to open your mouth and put your foot into it. Then it takes 60 years to unlearn the trick.

Can't stop now!

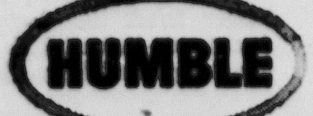

The daily needs of the American people for oil are at an all-time high. When you add to these the needs of the defense program, you find that U. S. oil production is greater than ever before in history.

The men who search for oil did their part in supplying this record demand 10, 20, even 30 years ago.

But they can't stop now. The search for oil must be continuous, so that the U. S. will have oil for you and your neighbor and for the country's needs in the years ahead. This year's oil discoveries may be producing oil for the vehicles, the flying machines, the industries of the year 2000!

The oil companies look so far to the future because it takes about 10 years fully to develop an average oil field. Then, if production is efficiently managed in accordance with conservation practices, the field continues to produce for another thirty or forty years, or even longer.

This foresight provided the vast quantities of oil required for World War II, and it has established the reserves the nation needs for the emergency of 1951. There is no time, now, to search for the oil we need today; it must be — it is — instantly available.

How to Barbecue Picnic Ham and Sauce Given Below

Below is the recipe to make a Texas Barbecued Picnic ham as was recently received by The Herald.

First moisten the picnic with bottled smoke sauce. Place it in a covered roaster with one cup of water. Roast at 325 degrees Fahrenheit, 35 minutes to the pound. During cooking, add water if necessary. Forty-five minutes before the end of cooking time, remove from oven. Take off skin and cover fat side generously with Texas Barbecue as described below.

The sauce is made with:
¾ cup catsup
2 tabspn. Worcestershire sauce
2 tabspn. vinegar
1 tabspn. sugar
½ teaspoon chili powder
Dash of tabasco or cayenne
Replace cover and finish baking, basting the ham occasionally.

Frederick Attends Meet at San Angelo Of Building Dealers

New construction will have an important part in increasing farm and industrial production for national defense, Bill Frederick, of the Wade Farm Machinery Co., said today after attending a conference of building dealers at San Angelo.

The meeting was arranged by the McRan Co., distributor of the Quonset buildings for which the local firm is dealer.

Take a look at the only trucks with Fluid Drive!

NEW DODGE "Job-Rated" TRUCKS

The trucks that do the most for you!

MAKES DRIVING EXTRA EASY!

You get smooth-as-silk performance with gyról Fluid Drive—a Dodge exclusive available on ½-, ¾-, and 1-ton models. This proved fluid coupling between engine and clutch eliminates jerky starts, helps prevent stalling. Loaf along in high, slow down, speed up again—without touching gearshift or clutch!

MORE CONVENIENCE ON HILLS!

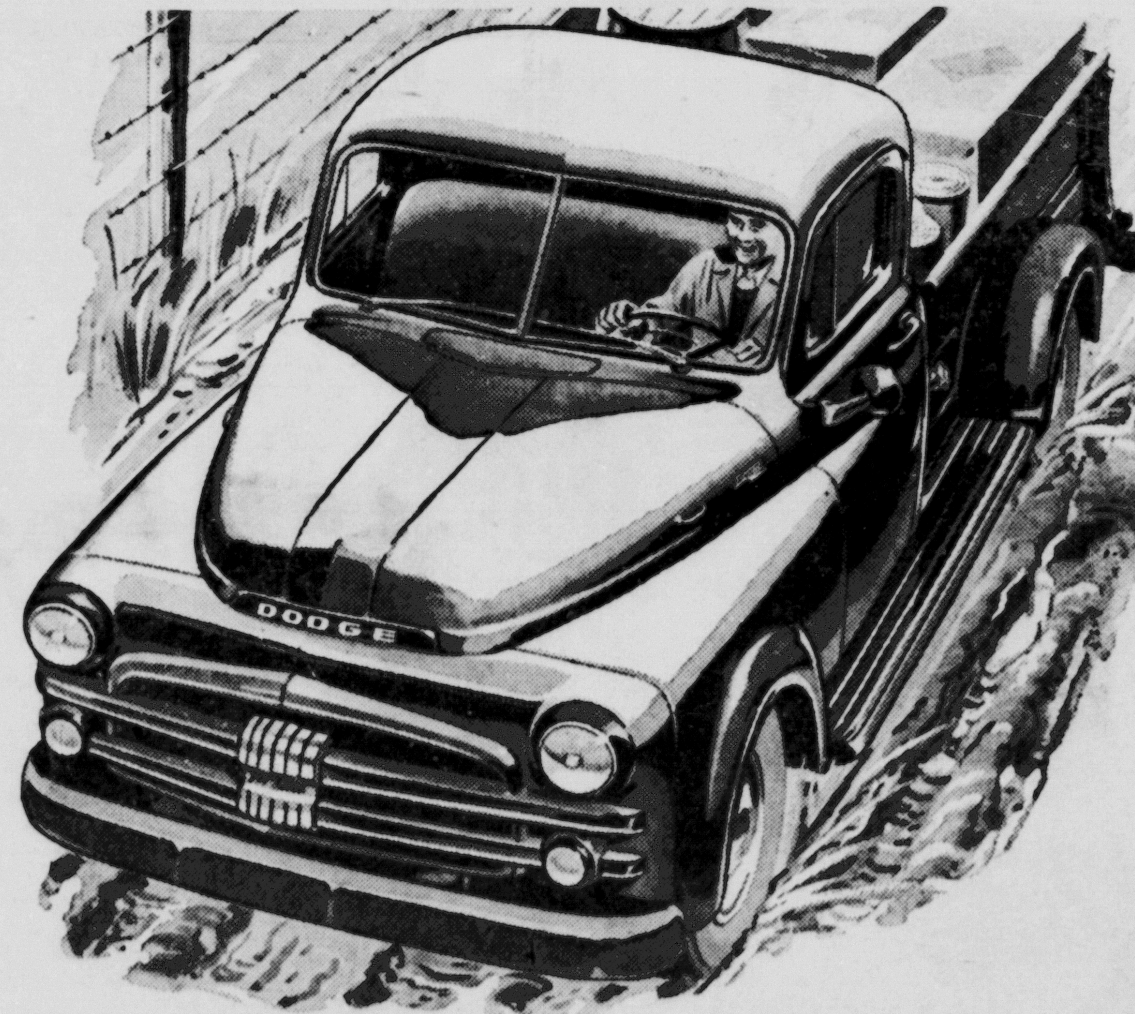

Fluid Drive lets you stop on an upgrade and hold your Dodge "Job-Rated" truck in gear, simply by slightly speeding up the engine. And on a downgrade, Fluid Drive gives you effective engine braking. Under all conditions, driving with Fluid Drive is easier on driver and truck.

BETTER LOAD PROTECTION!

Fluid Drive assures extra-smooth starts... protects your load. There's less chance for cargo to shift—less chance of breakage or other damage. Many owners of Dodge "Job-Rated" trucks tell us that this saving alone can soon pay for the moderate first cost of gyról Fluid Drive. Experience it on your job!

LENGTHENS TRUCK LIFE!

The "cushioned" power of Fluid Drive saves wear and tear on over 80 vital parts—including clutch, transmission, rear axle. This insures longer truck life—lowers your upkeep costs. And trade-in value stays high! Ask us for interesting Fluid Drive booklet.

NEW SAFETY ON SLIPPERY ROADS!

With Fluid Drive, there's less wheel-spinning, less tendency to skid on wet or icy pavements. You can start in higher gear, apply power gradually and get away smoothly and safely. Tires last longer, too—another money-saving advantage of Fluid Drive!

WHAT "JOB-RATED" MEANS TO YOU

A Dodge "Job-Rated" truck is engineered at the factory to fit a particular job... save you money... last longer.

Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires and body—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft and rear axle—is engineered right to meet a particular operating condition.

COME IN AND BE CONVINCED! TRY A NEW DODGE "Job-Rated" TRUCK WITH FLUID DRIVE!

MARY'S STYLE SHOP
330 South Central Avenue—Hamlin, Texas

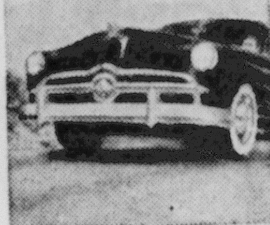

"I got the story on
50,000 Miles-No Wear
and changed to New Conoco Super Motor Oil"

says Bille Smith,
Photographer,
San Antonio, Texas.

"50,000 MILES-NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with Oil-PLATING, can make your car last longer, perform better, use less gasoline and oil.

"WHEN A MAN BUYS A USED CAR from us, we want him to get his money's worth in performance and operating cost. That's why we put new Conoco Super Motor Oil in all our cars and tell the buyer to use nothing else," says H. C. Wheeler, Wheeler Motor Company, Denver, Colorado.

"I RECENTLY CHECKED A CAR that had gone 39,000 miles on Conoco Super Motor Oil," reports Joe Prestidge, Chief Garage Mechanic, St. Paul, Minnesota. "I found the connecting-rod journals were within five ten-thousandths of an inch of the original factory specifications. I've never seen so little wear!"

Junior Literary Club Holds Thursday Meet In Bessire Home

Hamlin's Junior Literary Club met last Thursday in the home of Kay Bessire. Janet Durham was co-hostess.

The group was called to order by Oleta Kite, president.

Program was introduced by Pat Rimmer, program director, as "Our Lone Star State."

Janet Durham gave "Mexicans in Texas" and Janet Early gave "Our State Capitol". Barbara Posey gave "Our Largest City, Houston."

Those present were: Rose Brady, Pat Brown, Laura Courtney, Barbara Posey, Oleta Kite, Juanita Early, Bennie Elkins, Eleanor Huchingson, Joy Maynard, Marlene Goodgame, Janet Durham, Sarah Johnson, Beth White and Mrs. W. T. Johnson, counselor.

Sylvester Legion and Auxiliary Given Japan Sketch by Mrs. Pittard

Sylvester's Legion and Auxiliary last Thursday night heard a sketch of Japan by Mrs. E. T. Pittard of Anson at the Veterans Building.

Mrs. Pittard, a well known speaker and church worker, told the group of the country, buildings, people, customs and religious habits. She had recently returned from a visit of her daughter in Japan whose husband is stationed with the armed forces there.

After the talk refreshments of sandwiches, coffee and cookies were served to over 100 attendants.

Mrs. Bob Taggart had major surgery in a Rotan hospital this week.

Ticklers

By George

"I've just gotta get a different doctor; feathers aggravate my hay fever!"

Mr. and Mrs. J. W. Maberry and son of McCauley and Mrs. Nute Stephens and son attended the funeral of an aunt in Lubbock March 2 and attended the funeral of a daughter of the aunt March 17.

Mr. and Mrs. J. D. Stansel of Electra spent the week-end in the home of her sister, Mrs. Rosie Embrey, and daughter, Viola.

One great trouble with a checkered career is that it's always your move.

Paul Bryan Lumber Co.

HAMLIN, TEXAS

Mrs. J. G. Smith has been ill for the past two weeks in the Hamlin Memorial Hospital. About 15 visitors have visited with her and a brother, M. M. McReynolds of Lubbock, is to visit her Easter. She expressed her thanks for the many get well cards received.

If you want to get rid of a man who tries to borrow some money, lend it to him.

Mrs. R. B. Sellar of Longworth was a medical patient in a Rotan hospital last week.

At the very top of most men's heads is the bump of benevolence, as far away from the pocketbook as possible.

FORD WINS AGAIN!

V-8 TAKES FIRST PLACE IN CLASS "A" 1951 MOBILGAS ECONOMY RUN

Both Ford V-8
and SIX Deliver
more than 25.9
miles per gallon.

Grueling
840-mile test
proves Ford
Economy

Again this year... it's high honors for Ford! In the most important economy trial for American stock model cars... the famous annual Mobilgas Economy Run... A Ford 100-h.p. V-8 equipped with Overdrive took first place competing against all cars in its price class, making 54,587 ton-miles per gallon* and 25.994 miles per gallon. And its companion in quality, the new Ford SIX with Overdrive, was right up there with the winner. In fact, both cars averaged better than 25.9 miles per gallon.

Traditional Ford economy, for the second straight year, has been proved in open competition. Proved on the tough 840-mile grind from Los Angeles to the Grand Canyon... a course that included city traffic, below-sea-level desert heat and 7,000-foot mountain passes. Ford's Automatic Mileage Maker, standard equipment on all Ford V-8's and SIXES, contributed to this great achievement by squeezing the last mile out of every drop of gasoline.

Why not "Test Drive" the new Ford at your neighborhood Ford Dealer's? There's no better way to be convinced that "You can pay more but you can't buy better!"

*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula. To insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passenger) in tons, multiplied by number of miles traveled, divided by number of gallons of gasoline consumed.

FORD V-8 with Overdrive

DOES 54,587 TON-MILES PER GALLON
HAMLIN MOTOR COMPANY

Satin Splashed gingham

by Doris Dodson juniors

"SATIN DAIRES" crowd a field of gingham. Sweet puffed sleeves and star pointed skirt are shirred for fullness. Nice touch, the tied sash, just the width of one satin stripe. 7 to 15

PINK BLUE LAVENDER

\$12.95

"RAINBOW" captured in a gingham plaid. An oversize stripe in white satin accentuates the bright pastels. Sun dress has low square neckline. Windbreaker jacket converts dress for the street. 9 to 15

PINK/GREEN LIME/FUCHSIA AQUA/LAVENDER

\$12.95

"DRESSKICHER" of finest blue gingham treated to a satin stripe. A button front frock that launders in white. To note and remember... the deep hem, jet buttons, sleeves that tie as you like. 9 to 15

BEIGE/RED BLUE/BLACK ROSE/BROWN

\$12.95

"ROBON WINNER" is a two-piece prize. A cotton bodice is matched to the satin striping in the chambray skirt. The buttoned-on hip yoke is new, easy to launder. Spaghetti loops fasten over flat covered buttons. 9 to 15

ROSE GOLD AQUA

\$12.95

RUPTURE
SHIELD EXPERT HERE

H. M. SHEVNIAN, widely known expert
of Chicago, will personally be at the
Wooten Hotel, Abilene, Sunday and
Monday only, April 8 and 9, from 9 a. m.
to 4 p. m.

Mr. Shevnan says: The Zoetic Shield is
a tremendous improvement over all for-
mer methods, effecting immediate results.
It will not only hold its rupture perfectly
no matter the size or location but it will
increase the circulation, strengthen the
weakened parts, and thereby close the
opening in ten days on the average case,
regardless of heavy lifting, straining or
any position the body may assume. A
nationally known scientific method. No
under straps or cumbersome arrange-
ments and absolutely no medicines or
medical treatments.

Mr. Shevnan will be glad to dem-
onstrate without charge.

6509N. Artesian Ave., Chicago 43
